The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of lower rain-gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

HIS EXCELLENCY THE VICEROY AND GOVERNOR-GENERAL, on arriving at the place of Assemblage, was received with a Royal Salute without guns from the troops assembled.

At the Grand Entrance, the Viceroy and Governor-General alighted from his carriage, and, preceded by his Staff, advanced to the Throne. As the Viceroy alighted, Heralds sounded a flourish of trumpets, and Military Bands played a Grand March until His Excellency arrived at the Throne. As His Excellency the Viceroy and Governor-General ascended the Throne, the Bands played the National Anthem until His Excellency had taken his seat, while Guards of Honor drawn up on either side of the Throne presented arms.

The following Proclamation was then read aloud in the English language by the Chief Herald:—

### VICTORIA, REGINA.

WHEREAS an Act has been passed in the present Session of Parliament intituled “An Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies,” which Act recites that, by the Act for the Union of Great Britain and Ireland, it was provided that after such Union the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint: and which Act also recites that, by virtue of the said Act, and of a Royal Proclamation under the Great Seal, dated the 1st day of January 1801, Our present Style and Titles are “VICTORIA, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith:” and which Act also recites that, by the Act for the better government of India, it was enacted that the Government of India, theretofore vested in the East India Company in trust for Us, should become vested in Us, and that India should thenceforth be governed by Us and in Our name, and that it is expedient that there should be a recognition of the transfer of government so made by means of and addition to be made to Our Style and Titles: And which Act, after the said recitals, enacts that it shall be lawful for Us, with a view to such recognition as aforesaid, of the transfer of the Government of India, by our Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Us may seem meet; we have thought fit, by and with the advice of Our Privy Council, to appoint and declare, and We do hereby, by and with the said advice, appoint and declare, that henceforth, so far as conveniently may be, on all occasions and in all instruments wherein Our Style and Titles are used, save and except all Charters, Commissions, Letters Patent, Grants, Writs, Appointments, and other like instruments, not extending in their operation beyond the United Kingdom, the following addition shall be made to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies; that is to say, in the Latin tongue in these words: “INDIÆ IMPERATRIX.” And in the English tongue in these words: “EMPRESS OF INDIA.”

And Our will and pleasure further is, that the said addition shall not be made in the Commissions, Charters, Letters Patent, Grants, Writs, Appointments, and other like instruments, hereinbefore specially excepted.

And Our will and pleasure further is, that all gold, silver, and copper moneys, now current and lawful moneys of the United Kingdom, and all gold, silver, and copper moneys which shall, on or after this day, be coined by Our authority with the like impressions, shall, notwithstanding such addition to Our Style and Titles, be deemed and taken to be current and lawful moneys of the said United Kingdom; and further that all moneys coined for and issued in any of the Dependencies of the said United Kingdom, and declared by Our Proclamation to be current and lawful money of such Dependencies, respectively bearing Our Style, or Titles, or any part or parts thereof, and all moneys which shall hereafter be coined and issued according to such Proclamation, shall, notwithstanding such addition, continue to be lawful and current money of such Dependencies respectively, until Our pleasure shall be further declared thereupon.

Given at Our Court at Windsor the twenty-eighth day of April one thousand eight hundred and seventy-six in the thirty-ninth year of Our Reign.

### GOD SAVE THE QUEEN.

A translation in Urdu of the Proclamation was then read by the Foreign Secretary.

The Proclamation having been read, a salute of 101 salvos of Artillery and *jeus-de-joie* were fired. The ROYAL STANDARD was hoisted in honor of HER MAJESTY THE QUEEN AND EMPRESS, and massed Bands played the National Anthem.

The Viceroy and Governor-General then addressed the Assemblage as follows:—

On the first day of November, in the year 1858, a Proclamation was issued by the Queen of England, conveying to the Princes and People of India those assurances of Her Majesty's good will which, from that day to this, they have cherished as their most precious political possession.

The promises then made by a Sovereign, whose word has never been broken, need no confirmation from my lips. Eighteen years of progressive prosperity confirm them; and this great assemblage is the conspicuous evidence of their fulfilment. Undisturbed in the enjoyment of their hereditary honours, protected in the prosecution of their lawful interests, both the Princes and the People of this Empire have found a full security for the future in the generosity and justice of the past.

We are now assembled to proclaim the assumption by the Queen of the Title of Empress of India; and it is my duty, as Her Representative in this Country, to explain the gracious intentions of Her Majesty, in adding that title to the style and dignity of Her ancestral Crown.

Of all Her Majesty's Possessions throughout the world,—possessions comprising a seventh part of the earth's surface, and three hundred millions of its inhabitants,—there is not one that She regards with deeper interest than this great and ancient Empire.

At all times, and in all places, the British Crown has had able and zealous servants, but none more illustrious than those whose wisdom and heroism have won and kept for it the dominion of India. This achievement, in which all *Her Majesty's* subjects, European and Native, have worthily co-operated, has also been aided by the loyalty of *Her Majesty's* great allies and feudatories; whose soldiers have shared with *Her Armies* the toils and victories of war; whose sagacious fidelity has assisted *Her Government* in preserving and diffusing the blessings of peace; and whose presence here to-day at the solemn inauguration of *Her Imperial Title*, attests their confidence in the beneficence of *Her power*, and their interest in the unity of *Her Empire*.

This Empire, acquired by *Her Ancestors*, and consolidated by *Herself*, *The Queen* regards as a glorious inheritance to be maintained and transmitted intact to *Her descendants*; and *She* recognises in the possession of it the most solemn obligations to use *Her great power* for the welfare of all its people, with scrupulous regard for the rights of *Her feudatory Princes*. For this reason, it is *Her Majesty's* Royal pleasure to add to the titles of *Her Crown* one which shall be henceforth to all the Princes and Peoples of India the permanent symbol of its union with their interests, and its claim upon their loyal allegiance.

The successive dynasties whose rule in India the power of the British Crown has been called by Providence to replace and improve, were not unproductive of good and great Sovereigns; but the polity of their successors failed to secure the internal peace of their dominions. Strife became chronic and anarchy constantly recurrent. The weak were the prey of the strong, and the strong the victims of their own passions. Thus, sapped by incessant bloodshed and shaken by intestine broils, the great House of Tamerlane crumbled to decay; and it fell at last because it had ceased to be conducive to the progress of the East.

Now, under laws which impartially protect all races and all creeds, every subject of *Her Majesty* may peacefully enjoy his own. The toleration of the Government permits each member of the community to follow without molestation the rules and rites of his religion. The strong hand of Imperial Power is put forth, not to crush but to protect and guide; and the results of British Rule are everywhere around us in the rapid advance of the whole country and the increasing prosperity of all its Provinces.

BRITISH ADMINISTRATORS AND FAITHFUL OFFICERS OF THE CROWN,—It is to your continued labours that these beneficent results are chiefly due: and it is to you, in the first instance, that I have now, in the name of *Her Majesty*, to express the gratitude and confidence of your Sovereign. Not less steadfastly than all your honoured predecessors, you have toiled for the good of this Great Empire with a persevering energy, public virtue, and self-devotion, unsurpassed in history.

The doors of fame are not open to all; but the opportunity of doing good is denied to none who seek it. Rapid promotion it is not often in the power of any Government to provide for its servants. But I feel assured that, in the service of the British Crown, public duty and personal devotion will ever have higher incentives than the expectation of public honours or personal emoluments. Much of the most important and valuable work of Indian administration has always been, and always must be, done, not by persons in prominent positions, but by those district officers on whose patient intelligence and courage the efficient operation of its whole system is essentially dependent.

I cannot give expression too emphatic to *Her Majesty's* grateful recognition of the admirable manner in which *Her servants*, both Civil and Military, have performed, and are performing, throughout India tasks as delicate and difficult as any which the Crown can confide to its most trusted subjects. MEMBERS OF THE CIVIL AND MILITARY SERVICES,—placed at an early age in positions of immense responsibility, submitting with cheerful devotion to a severely exacting discipline, personally exercising the most important administrative functions among populations whose language, creed, and customs, differ from your own,—may you ever be sustained in the firm yet gentle discharge of your arduous duties by the consciousness that, whilst you thus uphold the high character of your race, and carry out the benign precepts of your religion, you are also conferring on all other creeds and races in this country the inestimable benefits of good government.

But it is not only to the official servants of the Crown that India is indebted for the wise application of the principles of Western civilization to the steady development of her vast resources: and I should ill represent the feelings of my August Mistress if, on this occasion, I failed to assure *Her non-official European subjects* in India of the cordial satisfaction with which *Her Majesty* recognizes and appreciates, not only their loyalty to *Her Throne and Person*, but also the benefits which *Her Indian Empire* derives from their industry, their enterprise, their social energy, and civic virtue.

Wishing to increase *Her opportunities* of distinguishing the public services, or private worth, of *Her subjects* throughout this important portion of *Her Dominions*, *Her Majesty* has been pleased not only to sanction a certain enlargement of the Most Exalted Order of the Star of India, and of the Order of British India, but also to institute for this purpose an entirely new Order which will be called the Order of the Indian Empire.

OFFICERS AND SOLDIERS OF THE ARMY OF INDIA, BRITISH AND NATIVE.—*The Queen* recalls with pride your heroic achievements on every occasion, when, fighting side by side, you have upheld the honour of *Her arms*. Confident that all future occasions will find you no less efficiently united in the faithful performance of that high duty, it is to you that *Her Majesty*

entrusts the great charge of maintaining the peace, and protecting the prosperity, of Her Indian Dominions.

**VOLUNTEER SOLDIERS.**—Your loyal and successful endeavours to render yourselves capable of acting, if necessary with the Regular Forces, claim cordial recognition on this occasion.

**PRINCES AND CHIEFS OF THIS EMPIRE.**—which finds in your loyalty a pledge of strength, in your prosperity a source of splendour, *Her Majesty* thanks you for your readiness, on which She reckons, if its interests be attacked or menaced, to assist Her Government in the defence of them. In *The Queen's* name I cordially welcome you to Delhi; recognizing in your presence, on this great occasion, conspicuous evidence of those sentiments of attachment to the Crown of England which received from you such emphatic expression during the recent visit of the Prince of Wales to this country. *Her Majesty* regards Her interests as identified with yours; and it is with the wish to confirm the confidence and perpetuate the intimacy of the relations now so happily uniting the British Crown and its feudatories and allies, that *Her Majesty* has been graciously pleased to assume the Imperial Title we proclaim to-day.

**NATIVE SUBJECTS OF THE EMPRESS OF INDIA.**—The present conditions and permanent interests of this Empire demand the supreme supervision and direction of their administration by English Officers trained in the principles of that polity whose assertion is necessary to preserve the continuity of Imperial rule. It is to the wise initiative of these Statesmen that India chiefly owes that steady progress in civilization which is a condition of her political importance, and the secret of her growing strength; and it is they who must long continue to form the most important practical channel through which the arts, the sciences, and the culture, of the West (which have given to Europe its present pre-eminence in peace and war), may freely flow towards the East for the common benefit of all its children.

But you the natives of India, whatever your race, and whatever your creed, have a recognized claim to share largely with your English fellow-subjects, according to your capacity for the task, in the administration of the country you inhabit. This claim is founded in the highest justice. It has been repeatedly affirmed by the greatest British and Indian Statesmen, and by the Legislation of the Imperial Parliament. It is recognized by the Government of India, as binding on its honour, and consonant with all the aims of its policy. The Government of India, therefore, notices with satisfaction the marked improvement during recent years in the character of the Native Public Service, especially in its higher grades.

The administration of this great Empire demands, from many of those to whom a share in it is entrusted, attributes not exclusively intellectual, qualifications to which moral and social superiority are essential. More especially, therefore, does it rest with those who, by birth, rank, and hereditary influence, are your natural leaders, to fit themselves and their children for the honourable duty which is open to them, by accepting the only education that can enable them to comprehend and practise the principles steadily maintained by the Government of *The Queen*, their Empress.

You must all adopt as your own that highest standard of public virtue which comprises loyalty, incorruptibility, impartiality, truth, and courage. The Government of *Her Majesty* will then cordially welcome your co-operation in the work of administration. For in every quarter of the globe over which its dominion is established, that Government trusts less to the strength of armies than to the willing allegiance of a contented and united people, who rally round the throne, because they recognise therein the stable condition of their permanent welfare.

It is on the gradual and enlightened participation of Her Indian subjects in the undisturbed exercise of this mild and just authority, and not upon the conquest of weaker States, or the annexation of neighbouring Territories, that *Her Majesty* relies for the development of her Indian Empire. Her interests and duties, however, are not confined to Her own dominions. She sincerely desires to maintain the most frank and friendly relations with the Rulers of those Territories which, adjoining the Frontiers of this Empire, have so long owed their independence to the sheltering shadow of its power. But, should the repose of that power be at any time threatened from without, the Empress of India will know how to defend Her great inheritance. No foreign enemy can now attack the British Empire in India without thereby assailing the whole civilization of the East; and the unlimited resources of Her dominions, the courageous fidelity of Her allies and feudatories, and the loyal affection of Her subjects, have provided *Her Majesty* with ample power to repel and punish every assailant.

The presence, on this occasion, of the Representatives of Sovereigns who, from the remotest parts of the East, have addressed to *The Queen* their congratulations on the event we celebrate to-day, significantly attests the pacific policy of the Government of India, and the cordiality of its relations with all neighbouring States. To His Highness the Khan of Khelat, and to those Ambassadors who have travelled so far to represent on British Territory the Asiatic Allies of the Empress of India, as also to our honoured guest His Excellency the Governor-General of Goa, and to the Foreign Consular Body, I desire to offer, on behalf of *Her Majesty's* Indian Government, welcome to this imperial assemblage.

**PRINCES AND PEOPLE OF INDIA.**—It is now my pleasing duty to communicate to you the gracious message which *The Queen*, your Empress, has to-day addressed to you in Her own Royal and Imperial name. These are the words of the telegraphic message which I have this morning received from *Her Majesty*.

"We, Victoria by the Grace of God, of the United Kingdom. Queen, Empress of India, send through our Viceroy to our Officers, Civil and Military, and to all Princes, Chiefs, and Peoples now at Delhi assembled, our Royal and imperial greeting, and assure them of the deep interest and earnest affection with which we regard the people of our Indian Empire. We have witnessed with heartfelt satisfaction the reception which they have accorded to our beloved Son, and have been touched by the evidence of their loyalty and attachment to our house and throne. We trust that the present occasion may tend to unite in bonds of yet closer affection ourselves and our subjects; that from the highest to the humblest all may feel that under our rule the great principles of liberty, equity, and justice, are secured to them; and that to promote their happiness, to add to their prosperity, and advance their welfare, are the ever present aims and objects of Our Empire."

You will, I am confident, appreciate these gracious words.

### GOD SAVE VICTORIA, QUEEN OF THE UNITED KINGDOM AND EMPRESS OF INDIA.

When the Viceroy and Governor-General had concluded his Address, the Assembly spontaneously rose and joined the troops in giving repeated cheers; His Highness the Maharaja Scindia, His Excellency Sir Salar Jung on behalf of His Highness the Nizam, His Highness the Maharaja of Jaipur on behalf of the Chiefs of Rajputana, Her Highness the Begum of Bhopal, His Highness the Maharaja of Cashmere, and other Chiefs, also rose and gave expression to sentiments of loyalty and congratulation; massed Bands played the National Anthem; and at His Excellency's command the Assemblage was dissolved.

The following Gazette Extraordinary, issued by the Government of India in the Home Department, is republished for general information :—

No. 33C—*Camp Delhi, the 30th December 1876*—*Notifications.—Public.*—His Excellency the Viceroy and Governor-General has been pleased to confer the honorary title of Assistant Private Secretary to the Viceroy upon Mr. D. Panioty, the Registrar of the Private Secretary's Office, in recognition of his long and faithful service.

*Extract from the Proceedings of the Government of India in the Home Department, No. 37C, dated Camp Delhi, the 1st January 1877.*

### R É S O L U T I O N .

THE Viceroy and Governor-General in Council has resolved to release a certain number of prisoners, and to remit a certain number of sentences against criminals in all the jails throughout India, in the Penal Settlement of Port Blair and, in the case of convicts sentenced in India in the Straits Settlements, on the 1st proximo, as an act of clemency and grace, on the auspicious occasion of the assumption of the title of Empress of India by Her Majesty the Queen.

2. In this view, the cases of the following three different classes of prisoners in the jails in India have come under consideration :—

- I.—General offenders.
- II.—Civil prisoners.
- III.—Political prisoners.

#### *I.—General Offenders.*

3. As regards general offenders, the Governor-General in Council has directed that ten per cent. of all the prisoners under confinement in each Province shall be released, care being taken that the number released be spread as evenly as possible over all localities, and that the following be excluded from the Amnesty, namely :—

- 1st, those whose conduct during imprisonment in the jail has been bad and turbulent ;
- 2nd, those whose crimes are (like thuggee or dacoitee) excepted from recommendation for release after twenty years' imprisonment at Port Blair, and those whose release is likely to give rise to a renewal of blood-feuds, or other disturbances of the public peace ;
- 3rd, professional and habitual criminals and prisoners convicted more than twice.
- 4. Three classes of general offenders, European or Native, have been, as far as possible, selected for release under the ten per cent. order, namely,—
  - 1st, those who have generally borne a good character, but have been led under sudden impulse to commit crimes, such as riot, affray, assault, or culpable homicide ; women who have committed infanticide to hide their shame, and the like ;
  - 2nd, those whose crimes were committed at an early age and without the display of any special depravity ;
  - 3rd, those whose crimes were of a grave character, but have been expiated to some extent by long imprisonment with good behaviour. Under this head may be included a few life-convicts who have undergone imprisonment for twenty years, and who have generally behaved well throughout the period of their confinement.

5. Under these general instructions, Local Governments were authorised to select the criminals to be released under the ten per cent. rule, a special officer in each Province being charged with the duty.

6. As regards partial remissions of sentences, all persons under sentence of one month's imprisonment or less who have worked out half their sentence on or before 1st proximo are to be released on that date without exception.

7. All persons under sentence of above one month's imprisonment and up to six months or less have been granted a remission of fifteen days. All persons under sentence of above six months' imprisonment have been granted a remission of one month. All persons under sentence of above a year's imprisonment have been granted a remission of one month for each year of their sentence; all remissions granted under these orders being restricted to well-conducted convicts. Under no circumstances has the boon been extended to such criminals as have been more than twice convicted; or to those who have been committed to jail as security for keeping the peace; or to any person whose premature release may be deemed by the local authorities to be inexpedient for reasons of local importance.

## II.—Civil Prisoners.

8. As regards civil prisoners, the Governor-General in Council has been pleased to order the release of all those whose debts do not exceed the sum of one hundred rupees, and the payment by Government of the debt or debts for which they are detained.

## III—Prisoners at Port Blair.

9. As regards the prisoners under this head, the Superintendent of Port Blair has submitted lists prepared in accordance with the instructions issued in the case of prisoners in India and with special recommendations in the case of those who are not disqualified from the amnesty. These lists have been circulated to Local Governments and Administrations, so that the fullest consideration has been given to each individual case. Acting upon the information so obtained, the Governor-General in Council has directed that 278 male life-convicts and 90 female shall be absolutely released; term-convicts 65 male and female, and one Christian convict, or 434 in all.

10. Besides absolute releases, the Superintendent of Port Blair has been allowed to grant to well-behaved convicts in Port Blair, to the extent which he deems expedient, freedom within the limit of the Settlement, and, moreover, to give promotion in their respective classes to prisoners in the earlier stages of their probation.

11. As regards Indian convicts in the Straits Settlements, very full inquiries have been made. A special officer has been deputed to Singapore to confer with the Straits Government in view to re-consider the cases of all Indian convicts undergoing sentence in that Province. This officer, Mr. Brodhurst, of the Bengal Civil Service, has prepared lists of all the Indian convicts in the Settlements, and, as in the case of the Port Blair prisoners, these lists have been forwarded for the opinions of the Local Governments to which the prisoners belong. The result of this inquiry is that 221 have been absolutely released.

12. In Sarawak four Indian convicts have been absolutely released, and in Madras seven Straits convicts, and in Bombay five. Thus the grand total of absolute releases of prisoners in transportation is 671.

13. The number of Political prisoners in India is very small, and indeed most of these are not really in confinement, but reside under surveillance in places fixed for their residence.

It has been, however, found possible to grant entire freedom to Sirdars Kishan Koor and Narain Singh, of the Punjab, and to give similar boons to others residing in various places.

14. Special instructions have been issued to all Local Governments that the arrangements for the release of prisoners shall be carried out discreetly and quietly, the prisoners being conducted to their homes in small batches, and, when practicable, under police supervision.

15. The net result of these orders will approximately be as follows:—

### RESOLUTION.

The Viceroy in Council, having considered the terms of the Amnesty granted in 1859, is pleased to announce that the exception from the Amnesty of persons who were leaders of revolt is withdrawn, and that such persons may now return to their respective homes on the sole condition of announcing their return to the district authorities, and of good behaviour for the future. Such persons will, however, be required, if they wish to leave the limits of the district in which they reside, to give previous notice to the district authorities.

The exception as to murderers and leaders of mutiny will still remain in force, and nothing in the above notification will extend to Feroz Shah, the son of the late King of Delhi.

\* **NOTE.**—This advantage is already enjoyed by the Bombay Cavalry, the Privates of which draw on enlistment the highest rate of pay, inclusive of good-conduct pay, attainable by Privates of the Bengal Cavalry and Punjab Frontier Force.

No. 1, dated the 1st January 1875. and with the sanction of Her Majesty's Government, the

No. 294, dated the 15th March 1875. Right Hon'ble the Governor

No. 1, dated the 1st January 1876. General in Council is pleased to notify that :—

I. During the year 1877 ninety (90) Officers of the Staff Corps and Cavalry and Infantry of the Indian Army, will be permitted to retire from the service, receiving, in addition to the pension to which they may be entitled by length of service under existing regulations, not exceeding the full-pay pension of a Colonel (£456-5-0 per annum), an annuity representing the estimated value of their prospective claim to the Colonel's allowance, or its capitalized value as they may prefer.

II. This offer is restricted to substantive Lieutenant-Colonels who shall have completed 28 years' service, from the date of first commission, on or before the date from which they apply to retire, who may either, 1st, have been appointed to one of the Staff Corps on or before the 12th September 1866, and can claim the Colonel's allowance under the provisions of G. G. O. No. 808 of the 26th September 1866, or 2ndly, may be entitled, under G. O. G. G. of the 12th September 1862, to the Colonel's allowance after 12 years' service in the rank of Lieutenant-Colonel.

III. The number allowed to retire under these conditions will be distributed as follows :—

|            |     |    |
|------------|-----|----|
| For Bengal | ... | 40 |
| „ Madras   | ... | 30 |
| „ Bombay   | ... | 20 |

• TOTAL ... 90

In the event of the whole of the retirements allotted to a particular Presidency not being taken up in that Presidency, those remaining will be distributed in such manner as may be determined by the Government of India.

IV. Applications to retire will be considered and disposed of successively according to priority of proposed dates of retirement until the number of retirements allotted to the service shall have been accomplished, when retirements under this order will cease for the year. In the event of its becoming necessary to select one from among two or three applicants for retirement on the same day, preference will be given according to seniority from the date of first commission.

V. Officers wishing to retire under the terms of this order must, whether in or out of India, submit their applications to the Office of the Adjutant-General of their respective Presidencies, naming such prospective dates for their retirements, as will admit of the receipt of their applications by the Adjutant-General on or before the date named, such date not to be earlier than the 1st April 1877.

VI. Officers whose applications are accepted, will be gazetted out from the dates named by themselves, but will continue to perform their duties and receive the pay and allowances of their positions until officially informed of their removal from the effective list, either by direct communication, or by publication

of the Gazette at the station at which they may be serving.

VII. Officers retiring under this arrangement

\* G. G. O. No. 808, of 26th September 1866. will forego both the good service pension, if they are in receipt thereof, and all claim to bonus compensation

under the terms of the despatch of the 8th of August 1866,\* No. 160.

VIII. Applicants to retire must state—

1st.—Their rank and service.

2nd.—Their age (supported by certificate of birth, or in its absence, by a formal declaration).

3rd.—Whether they wish to receive commutation for their prospective allowances in the shape of an annuity, or to capitalize its value. Officers who desire to receive the capitalized value of the annuity must attach to their applications a certificate in the form given in Appendix A. In the case of Officers retiring out of India, the health certificate required will be called for and furnished under instructions from the India Office in London.

4th.—Whether they desire to receive payment, wholly, or in part, in India, or in England.

IX. The Table given in Appendix B shows the rates at which the expectation of the Colonel's allowance will be calculated in carrying this order into effect in the case of Officers of various ages and service.

X. For the purpose of arriving at the amount payable in each case, whether as an annuity or in a single payment, Officers' ages will be calculated from their birthday next succeeding the date from which they propose to retire, and the number of years they have to serve before becoming entitled to the Colonel's allowance will be calculated from the date of the proposed retirement. When the period to serve contains a fraction of a year, the fraction, if it be six months or under six months, will be excluded altogether; if it exceeds six months, it will be reckoned as a complete year.

XI. Payments of the capitalized value of the annuity made in India under this order will be at the rate of 1s. 10½d. for the rupee.

XII. Officers who elect to receive an annuity in preference to the capital sum, will not, after their retirements have appeared in the Gazette, be allowed to capitalize such annuity under the provisions of this order; and it is to be understood that no separate applications of individual Officers to retire after the present retirements have been allotted will be entertained on the basis of this order.

XIII. Officers of the half-pay list of the Staff Corps will be permitted, if disposed to retire from the service, to avail themselves of this scheme of retirement, provided they are eligible thereto by the fulfilment, previously to their transfer to the half-pay list, of all the conditions required. The time passed by an Officer on the half-pay list of the Staff Corps will not count towards the 12 years in the grade of Lieutenant-Colonel required to qualify for promotion to the Colonel's allowance.

XIV. No application from Officers to cancel their retirement or to change the date of such retirement will be entertained after it has been announced in the official Gazette of the Presidency to which they belong.

The sub-divisional officer of Daulatkhan reports as follows:—“From inquiries I have made in the interior of the sub-division it appears that the crops have suffered more seriously than was at first imagined. The return has been very poor, and in some villages in the interior scarcely anything has been obtained. Cholera is very bad all over the sub-division. Altogether prospects are very bad.” The sub-divisional officer of Patuakhali also reports that there has been and is a bad outbreak of cholera in one of the storm-wave stricken parts of his sub-division, viz. in the thana of Bowfal. It is now certain that the crops in the tracts struck by the storm-wave have been greatly injured. The cause of this injury was the cyclone of the 31st October, but chiefly the heavy gale on the 23rd November last. In other parts of the district the crops are better, but have still been greatly injured. Cholera is present in thanas Nalchitti, Jhalokati, Backergunge, Mendigunge, Gournady, Mirzagunge, Perozepore, Sarupkati, and Matharia. The cattle are everywhere reported to be in good health. |

|                           | 24 Noulholly, „ 4, „             | Nil                                    | Weather—Very heavy dew at night, followed by cold, damp, and foggy mornings. Almost all the <i>amun</i> crops are reaped. These crops in the inundated tracts have suffered much, as already reported, from the late cyclone and inundation. There is a rise in the price of rice owing to exportation to Chittagong district. Cholera has increased during the last four days throughout the infected localities. This increase may be attributable to the influx of brackish water brought in by the tidal bore due at this season.  |

The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain-gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

## CIRCULAR REGARDING THE EXTENSION OF PRIMARY EDUCATION.

GENERAL DEPARTMENT.—EDUCATION.—No. 1.

*Calcutta, the 15th January 1877.*

From—H. J. REYNOLDS, Esq., Officiating Secretary to the Government of Bengal,  
To—All Magistrates and Deputy Commissioners.

I AM directed to request your attention to the remarks made in the Educational Resolution (published in the *Calcutta Gazette* of the 6th December last) on the successful results attained in Midnapore in bringing children, and especially the children of the poorer classes, to attend school. In the 5th paragraph of the Resolution it was observed—

“It is hardly too much to say that, if every district officer in all these provinces could do as much for education as is done by the district officer of Midnapore, the total of 800,000 children would not only be reached, but would be greatly exceeded. An example like this convinces the Lieutenant-Governor that he is not demanding the impossible when he calls upon all officers to go on augmenting year by year the area of education.”

And again, in the 9th paragraph of the Resolution—

“The fact that nearly 50,000 children—one-tenth of the whole number returned for Bengal—are known to be at school in the single district of Midnapore, shows what may be done by energetic and judicious management on the part of the district authorities.”

2. The annexed tabular statement shows the population of each district, the number of children known to be at school, and the number which would be at school if the Midnapore standard were reached every where. It will be seen that the district of the 24-Pergunnahs stands at the head of the list with 21·2 children at school for every thousand of the population. But the circumstances of this district, which includes the suburbs of Calcutta, are of an exceptional character, and a Magistrate in the interior might reasonably urge that results which are attainable without much difficulty in the 24-Pergunnahs are beyond the reach of officers who have to deal with a village population.

3. No such plea, however, can be advanced when the comparison is made with the district of Midnapore, a district which enjoys no special advantages in respect of wealth, intelligence, or vicinity to the metropolis. The Lieutenant-Governor therefore desires to call special attention to the fact that, while Midnapore contains as nearly as possible one-twenty-fifth of the population of the Lower Provinces, the number of children on the rolls of its schools amounts to one-tenth of the whole number known to be at school throughout the country. If the standard of Midnapore were generally reached, the number of children at school would rise at once from half a million to a million and a quarter. In the Patna Division alone nearly 200,000 children would be added to the number at present under instruction.

4. In connection with this subject, there are three considerations which the Lieutenant-Governor wishes to commend to the notice of officers in charge of districts. In the first place, although Midnapore compares so favourably with other mofussil districts, it is not to be supposed that even in Midnapore the proportion of children at school is by any means large. It is estimated that in every thousand of the population there are 166 children of a school-going age; and even in Midnapore less than 20 of these are known to be at school. As far as our returns supply information, at least seven children out of eight are growing up untaught, even in the district in which education is more general than in any other district of Bengal. This is sufficient to show that, even if every district in Bengal could at once be raised to the Midnapore standard, only a small portion of the field would have been covered. This standard, therefore, must be looked upon not as a final goal, but as a first stage; not as a point at which further exertion may be suspended, but as a landmark indicating a degree of partial success which has been attained in one district, and can therefore probably be attained in others.

5. Secondly, it is to be observed that the measure of success which has been achieved in Midnapore is due, not to any general diffusion of higher education, but to the judicious organization of the primary schools of the district. In leaving these schools under the control of the District Magistrates, the Government has placed in the hands of those officers an important charge and a weighty responsibility. The primary school, an institution indigenous to this country, strong in the associations of antiquity and in the support derived from national sentiment, is the most powerful engine at the disposal of Government for influencing and elevating the great body of the people. The Lieutenant-Governor thankfully acknowledges the valuable co-operation which the officers of the department of education have given in inspecting and improving these schools; but the success of the schools must mainly depend upon the exertions of the District Magistrates, and of the committees by whom they are advised and assisted.

6. Thirdly, it is important to remark that the development of popular education in Midnapore has been conducted without involving any great burden upon the funds of the State. During the past year the total annual cost to Government of each Midnapore patshala was less than Rs. 9; whereas the average cost of such patshalas throughout the country amounted to Rs. 27·6. There are now in Midnapore 2,275 primary schools, with 43,926 pupils, under the system organized by Mr. Harrison. The annual cost of these schools to Government is about Rs. 20,000, and the expenditure on each pupil is 7½ annas per year. If the whole of the Government grant for primary education could be administered with equal economy, the number of children at school

might be more than doubled, without the necessity for any increased contribution from the State. The importance of this consideration is apparent when it is remembered that it is not in the power of the Government to spend upon education much more than it spends at present.

7. The Lieutenant-Governor now desires earnestly to appeal to all district officers to use their utmost exertions, first, to increase the number of primary schools and scholars in their respective districts; and secondly, to see that the primary school grant is administered in such a way as to produce the best and largest results. He is sensible that many Magistrates do already devote much time and attention to this important department of their duties. He has noticed with much satisfaction the progress of popular education, which has been shown in the official returns of several years past. But he is not sure that all district officers have fully understood either how much still remains to be done, or what greatly improved results might be attained with the means already at their disposal. On the former of these points it is sufficient to say that if for every child now at school in these provinces there were twenty under instruction, we should still fall somewhat short of the total number of children of an age to go to school. On the latter point the Lieutenant-Governor desires to hold out the example of Midnapore as an instance of judicious and economical administration, the success of which is due to the energy and organizing power of the Magistrate, and to the establishment of a system which is worked through and with the people themselves, and which ensures the attainment of a direct and tangible result for all Government money expended.

The mean barometer, as likewise the dry and wet bulb thermometer means, are derived from the twenty-four hourly observations made during the day.

The dew-point is computed with the Greenwich constants. The figures in column 10 represent the humidity of the air, the complete saturation of which being taken at unity. The receiver of the lower rain gauge is 1½ feet, and that of the anemometer 70 feet 10 inches above the level of the ground. The velocity of wind, as indicated by Robinson's anemometer, is registered from noon to noon.

## NOTE.

**Barometric Pressure.**—The pressures in column 2 of the above table for all stations below 500 feet are reduced from those given in column 3 of the table on the previous page, by adding the weight of a column of air of the temperatures given in column 17. For stations above 500 feet elevation the reduction is made by Captain Allan Cunningham's table,—“Prof. papers on Indian Engineering No. CXIII.” The temperatures at the sea-level are taken from column 3 of the above table.

**Temperature.**—The temperatures in column 3 are reduced from those in column 17 on the preceding page, by adding 1° Fahrenheit for every 450 feet.

**Wind Resultant.**—The resultant wind direction and its comparative predominance are calculated from the whole number of wind observations recorded during the month. The relative predominance in the direction of the resultant is given as a percentage of the whole number of observations. The direction is computed in the usual way by Lambert's formula.

**Clouds.**—This column gives the average proportion of clouded sky, a cloudless sky being indicated by 0, and one completely overcast by 10.

The above being all comparable, afford the data for constructing a meteorological chart for the month, which shall show the isobaric and isothermal lines and the resultant wind directions, which last may be represented by arrows of varying length, proportioned to the prevalence of the wind. To these may be added the rainfall from the previous tables.

The following orders, issued by the Government of India in the Legislative Department, are republished for general information :—

*No. 1.—Fort William, the 16th January 1877.—Notifications.*—The Governor-General in Council, under the authority vested in him by the Act 24 & 25 Vic., cap. 67, has been pleased to appoint Wednesday, the 24th instant, at noon, as the time and the Council Chamber in the Government House, Calcutta, as the place, for a meeting of the Council of the Governor-General for the purpose of making Laws and Regulations.

*No. 3.—The 17th January 1877.*—Major H. S. Jarrett received charge of the office of Assistant Secretary to the Government of India in the Legislative Department, from Lieutenant A. C. Talbot, before noon on the 17th instant.

#### CORRIGENDA.

The following orders, issued by the Government of India in the Home Department, are republished for general information :—

*No. 45.—Fort William, the 17th January 1877.—Notification.—Public.—Extract from the Proceedings of the Government of India in the Home Department (Public).*

Read the undermentioned papers regarding a proposal to amalgamate the province of Oudh with the North-Western Provinces :—

From the Financial Department, No. 3784, dated 23rd September 1870, and enclosures.

From the Chief Commissioner of Oudh, No. 2232, dated 5th May 1875, and enclosures.

**OBSERVATIONS.**—The Governor-General in Council is of opinion that it is expedient, on grounds of financial and general policy, to combine the administration of Oudh with that of the North-Western Provinces.

2. The simplest mode of carrying out this measure is to transfer the seat of chief executive authority in Oudh from Lucknow to Allahabad, leaving matters otherwise as they stand. This will cause the least disturbance of existing arrangements, and will provide, with the greatest amount of economy possible, for the maintenance of the peculiarities of the Oudh administrative system.

3. The Governor-General in Council is therefore pleased to declare that the office of Lieutenant-Governor of the North-Western Provinces being vacant, the Chief Commissioner of Oudh shall be transferred to it. The Lieutenant-Governor and Chief Commissioner will exercise the present functions of both offices within each province respectively, and will be required to reside at Lucknow for a portion of the year.

**ORDER.**—Ordered that this Resolution be forwarded to the several Departments of the Government of India for information and guidance, to the Government of the North-Western Provinces, and to the Chief Commissioner of Oudh, for information and guidance; and to Sir George Couper for information.

Ordered also, that this Resolution be published in the *Gazette of India*.

*No. 23.—The 18th January 1877.—Medical.*—The undermentioned Assistant Surgeons are promoted to the grades, and with effect from the dates, specified opposite their names :—

| Names.                          | To what grade promoted. | Date of promotion.   |
